End of September News at ASCARC

- **The Nerds** are coming the Sussex County College on October 11 for a benefit concert for the **SCARC Foundation**. The evening will begin at 7:00 pm, and will be a musical performance to excite us all. Tickets can be purchased from:

<https://scarcfoundation2018nerds.brownpapertickets.com/>. There are several good seats left, so make your reservations now!

- Through the generosity of **Gary Larson** and the **Sussex County Farm & Horse Show**, SCARC residential programs have received free tickets to the second annual Non-Profit night performance of the **Big Apple Circus** at the Fairgrounds for the October 4

pre-event. Once again, several non-profit organizations will be invited to attend for fair for the evening. Thank you Big Apple Circus for your generosity and community mindedness! More Big Apple Circus performances are open to the public on Friday – Sunday, October 5-7 at the Fairgrounds.

- Our friends from **SCARC's Wantage group home** traveled to Philadelphia for a short weekend vacation to tour several sites. They had a blast exploring the **Philadelphia Zoo** and going to the **Camden Aquarium** where they learned about Lucayans (island people from the Bahamas) and the marine life that live around the Bahamas. All had a wonderful time on their weekend getaway. SCARC residential programs look for unique opportunities for community inclusion like our Wantage group home recently did.

- The **Stillwater group home ladies** enjoyed a pancake breakfast at Applebee's recently supporting a fundraiser to benefit **Marine Corps League Detachment 747**. Pictured is staff Kori Brown, Joyce, Sharon, Dawn and Janet.

- Our friends at **SCARC's Harvest Home food location in Hampton** take a break from food distribution to enjoy decorating pumpkins for the upcoming Fall Halloween season. The pumpkins will adorn the HHF food pantry as numerous food recipients from the surrounding community come to the pantry to pick up monthly food boxes and bags. The Hampton HHF pantry distributes food to over 200 needy families per month.
