Second Week of November News at

- **Halloween parties in our group homes and centers, and the annual SCARC Recreation Halloween Dance**, were as numerous as the stars in the night sky. In the photos at the dance are Karen, Ed, Arlene, and Krista. The party at our Lafayette group home (r), which hosted Hillside and Holly homes, features Rachael and Margit. The Beemerhill and Fredon group homes party features a crowd of folks making their paper bats.

- Our **evening day habilitation program** is proceeding well with a good interest from a number of residential individuals including Maryellen and her staff Julie. Participants made pots from air dry clay. Next week individuals will be painting them, then the following week will be working on horticulture skills to get some succulents planted inside of them. Great activity to supplement day habilitation hours.

- The **Fadden family** is served by SCARC's family support department through seminars and ongoing support. Both of their children have been served through our Saturday Just Us Kids program in the past, and the family looks forward to future services from SCARC. This weekend's **Trunk or Treat** event that the Just Us Kids B program hosted at the Sparta Center was attended by 22 youths and their families.

- Our 2018 **"Our Friend in the Community"** honoree, **Officer Dave Pridham of the Sparta Township Police Department** stopped by to visit the SCARC Senior program last week. Officer Pridham has befriended the people at the center, and makes periodic visits to the delight of everyone. As with many of our annual honorees, Officer Pridham continues his support of SCARC services.
