More Mid-November News at

- Last week's **Strikes for SCARC Bowl a thon** for the SCARC Foundation raised \$10,000 to support SCARC and SCARC Guardianship Services. Congratulations to Foundation staff and team for another successful event. In the photo is the team from **Skylands Ice World** which included SCARC Foundation board member **Rita Mitchell** (center rear) and **Nancy Czarnecki** (center front) who participates in SCARC services. There were 12 teams at the event incorporating 75 bowlers. A good time of friendly competition was had by all.

- The **Sussex-Wantage Branch of the Sussex County Library** sponsored a **Touch a Truck Day** earlier in the month to introduce families and citizens to a wide variety of emergency vehicles, buses and trucks while their operators answer questions about how they work and the tasks they perform. A few of our **Eickmann Center participants** attended the event and learned about the vehicles. In the photo, **Joe** becomes familiar with one of the trucks at the event.

- A great lesson for us all: during a **Nutrition Club** meeting at the James Dykstra Center, the center staff and individuals collected empty drink containers from the people who work at and attend our program, and demonstrated the amount of sugar in each of these popular beverages. Below each drink container is a baggy that holds the amount of sugar, in teaspoons, that the drink contains. Our meeting was titled "**Rethink Your Drink**".

- Several SCARC Foundation and SCARC board members attended the **75th Anniversary celebration of the Branchville Businessmen's Club** last week. The civic club supports the community, and generously gifted SCARC with a \$5000 gift of support. In the photo are **Gary Larson** (chairman of the Foundation), **Richard Lecher** (SCARC CEO), **Heidi Weber** and **Mike Dolan** (Foundation board members), and **Mike Strada** (SCARC board member). We are thankful for the BBC gift!
- Several SCARC board members and administrators attended the **70th Anniversary of the Arc of NJ** this week at the Imperia in Somerset to celebrate a long and distinguished history of the Arc movement in New Jersey. **Happy Anniversary Arc of NJ!**

- **Happy Thanksgiving everyone! We have much to be thankful for at SCARC. This Week at SCARC will take Thanksgiving week off, and return to production for the December 6 issue.**
