## Happy New Year News at ASCARC

- The **Sussex County “Harmony in Motion” ladies’ singing group** visited out **Patty Dolan Senior Center** to bring holiday cheer this season. They have visited our senior program for the past several years each December holiday time. Later in the day, they sang to our **Clark Center**. We welcome them and they definitely brighten up our day!

- Our **Eickmann Center participants** and staff came together for a holiday photo after having been blessed and been a blessing to others this season. Thank you people for your influence of goodness to many others all year long.

- Several families and friends came together for our **Clark Center holiday luncheon** just before Christmas to enjoy one another and to enjoy a delicious meal for all. Thank you for the opportunity for parents and family members to come together. Melissa and Mary Coe, and Joe and Lorraine Lupo had a great time.

- The **men of our Hillside group home in Frankford** enjoyed their Christmas party and invited family members to join them in the festivities. They also invited several other homes to the party, thus making the crowd more jolly.

- **Betsy Heathwood, a member of our Explorers,** is assisting **NORWESCAP’s Child and Family Resource Services** by volunteering in their newly developing “Caring Closet”. The Caring Closet is a gently used clothing boutique located at NORWESCAP’s Hampton location. Children’s clothing is sorted and organized according to size by volunteers. The clothing is offered as a service to community members free of charge.

- Our **SCARC Explorers group** wishes everyone a very Happy New Year! Our 30 Explorers who explore opportunities for community learning and serving have enjoyed a productive 2019, and look forward to more community opportunities in 2020. Let by Brooke Ulikowski, our group travels each day to a different community setting to enjoy our county and destinations beyond. During their travels, they all represent SCARC to a great degree. In the photo, a representative group communicates their enjoyment of this unique program.

- The **SCARC Foundation** is still receiving donations for its **Annual Appeal** even though the year has ended. Please send in any belated contributions to the Foundation office.
