

This Week at ASCARC

Volume 7, Issue 21

Friday, July 24, 2020

End of July News at ASCARC

- The ladies from our Holly group home in Frankford visited our own High Point State Park recently to enjoy the wonderful weather and get some exercise in the great New Jersey outdoors. Everyone had a relaxing time.

- Sean and Peter from our Newton group home were excited to have a visit from Robert, a State Trooper from the Sussex Barracks just to touch base and see how everyone was doing. The trooper is a family member of one of our SCARC staff, and Sean's Dad was a trooper at one time, so Sean was able to share "trooper" stories. Very good conversation indeed!

- Our Summer Experience continues this week with fun activities. Jeffery feeds a giraffe at the Claws N' Paws Park in Lake Ariel, PA; and Kyle and Joe enjoy Costa Family Fun Park in Hawley, Pennsylvania. All of our teenager campers are enjoying themselves with creative and age appropriate activities during their summer time with SCARC.

- Our Vernon group home created a variation on our theme of "CHAMPIONS at SCARC" with a window treatment of Vernon "Champ Bee Ons". Good Theme translation!
