Friday, September 11, 2020

## Early September News at ASCARC

• **Bridget Brady from Byram Township** will be doing her **Eagle Scout** project with SCARC. As her final project, Brady, a Life Scout in Scout Troop 1150 and rising sophomore at Pope John XXIII Regional High School in Sparta, will create program and activity boxes for residents of 23 SCARC group homes whose day habilitation programs were shut down due to the coronavirus back in March. Bridget will be collecting various items, games, art items, and more to put together in boxes and deliver them to SCARC homes. The life-long resident of Byram Township has a 4.5 GPA. and in her time in Scouts BSA, she has earned more than 50 merit badges, completed National Youth Leadership Training, attended the 2019 World Scout Jamboree and has been inducted into the Order of the Arrow (Scouting's Honor Society). In addition to Scouts BSA, Brady is an active member of the Girl Scouts, and is a member of the Soccer and Robotics teams at Pope John High School. Thank you Bridget!

- **Dan Fisher and the other residents from our Warbasse group home** enjoyed bowling on the driveway last week when great weather prevailed. Getting outdoor exercise is a must when the weather permits. The Warbasse driveway is a very practical "bowling alley".

- **Judy (left) from our Lenape group home** painted a picture by numbers which she worked on for quite a while. She is proud of her final art piece, and will hang it in the home for all to admire. During the pandemic, many of our residents have enjoyed painting and art projects which occupy the time of the day.

- The residents who live in our **Lenape group home** went to **Horse Shoe Lake** in Succasunna to picnic and enjoy the beautiful outdoors on a sunny day. Linda, Ed, Lynn and Judy had a great time with staff Courtney to bond and converse.

- After a long day of virtual day habilitation programming, the residents of our **Beemerhill group home** relax and enjoy watching the movie Aladdin. Just to relax in a great home is a privilege for our residents.
- Just to keep everyone up to date, **SCARC continues to have no COVID-19 cases in our homes**. We are thankful to our diligent **direct support professionals** to their great work!
