## Happy New Year 2021 News at

- We begin the 2021 year with our **8<sup>th</sup> year of publishing** our weekly **This Week at SCARC newsletter**. The newsletter contains weekly news of the goings on at SCARC with great photos and news of our excellent organization. Thanks everyone for contributing photos and articles!

- The **men at our Hillside group home (Richard, Andrew and Leif)** in Frankford celebrate the New Year's with noise, music, celebration, and a champagne toast. They have been fortunate to survive the year in good health and like all SCARC group homes, being COVID free. Happy New Year men! In addition, **Doug (left)** celebrates with the Hillside men from his own home in Sparta. And, the residents of our **Lenape group home in Stanhope (right)** raise a toast to the New Year with cheers!

- Our **SCARC Foundation Annual Appeal** is almost at our goal of \$115,000. We are at the 99% point in our need to reach our noble goal. Please, if you haven't given to our Appeal, do so as soon as you can. Even donations received after January 1 are counted towards the campaign goal.

- We are pleased to announce that SCARC has received a grant from **Newton Medical Center Foundation** for \$8026 for expansion of our SCARC nutrition program's **Hearts First** initiative. The grant will expand the hours of our dietician, **Jenny Torino, RD**, so she can embellish interventions for the nutrition and heart-healthy needs of our residential folks. The grant adds to our support received annually from the **Selective Insurance Foundation** which established SCARC's nutrition program several years ago.

- **Bruce (left) and Paul (right)** enjoy the holidays at their residence at the **Homestead Rehabilitation and Health Center in Frankford Township**. The Long Term Care Facility is home to several former SCARC individuals who now required skilled nursing supports. SCARC has had a historical positive relationship with the Homestead, and is pleased to continue to provide guardianship services to several through our SCARC Guardianship Services. Happy New Year to all!
