More April News at ASCARC

- In our **Day Hab Goes Digital Art Class**, we took part in a presentation by **Haggerty Education Center** at the **Frelinghuysen Arboretum in Morris County**. The presentation was on the history of the **Garden Gnome** and then the group made their own Garden Gnomes, with supplies put together by the Haggerty Education Center. **Kaci** shows off her gnome creation.

- Getting out into the community to visit our new local **Tractor Supply** store is fun for **Ernie and Brad** from our Beemerhill group home who love lawnmowers and lawn machines. The store is like a candy store for those who love tools and stuff for working people. Springtime is the best time to see what we need for the group home to make things look pretty in the neighborhood.

- Every month at every **Stop & Shop** store a different local hunger organization is selected to benefit from the sale of these special **Bloomin' 4 Good Bouquets**. **SCARC Harvest Home Foods** was selected as the May 2021 beneficiary by the Sparta Stop & Shop leadership at the store located at **5 Town Center Drive, Sparta NJ**. SCARC's Harvest Home Foods (located in Hampton and Hamburg) will receive a \$1 donation for every \$9.99 Bloomin' 4 Good Bouquet purchased at the Sparta Stop & Shop location during May. Enjoy your flowers and support SCARC Harvest Home Foods.

- Many of our virtual day habilitation participants engaged in one of our **science class activities** of learning about geodes with kits purchased by the program. After opening the geode with hammers, our amateur scientists observed the crystal formations inside each geode. From left to right, our Fredon group home, Sussex group home, Doug, and Leif do their exploring with geodes. Good work everyone, and great activity!
