

This Week at ASCARC

Volume 8, Issue 14

Friday, April 30, 2021

End of April News at ASCARC

- **Chris Hemmer, SCARC Foundation Chief Development Officer** (center in blue shirt), accepts a donation of \$9,955 from **Newton Subaru's annual Share the Love event**. The Share the Love event donates \$250 per car sold during the November – January time period. To the left of Chris is **Steve Andrews of WSUS**, and to the right is **Chris Dexter, manager of Newton Subaru**. Thank you Newton Subaru for choosing SCARC to receive your generous gift.

- Our **2021 SCARC Foundation Broadway concert with Sandra Joseph and Ron Bohmer** was a vast success. Their live concert on zoom from their living room in San Diego was broadcast to 110 zoom locations throughout the country, including into the living rooms of SCARC's 22 group homes. Everyone loved the song selections and their vibrant and enthusiastic support for the SCARC Foundation. Over \$60,000 net was raised from the concert to support SCARC and SCARC Guardianship Services programs. Thank you Chris Hemmer and your team, and thank you Sandra and Ron for being such great fans of the SCARC Family of services!

- Last week, our **Day Hab Goes Digital** group is learning all about **Thailand**. In the photo left, Gail has prepared Thai Chicken Salad in Cooking Class. The participants have taken part in a group activity learning all about the Cultures of Thailand. The real life photo (right) was taken by a sister to one of our participants (Alyssa) who went to Thailand for her honeymoon. We love it when we get family photos send to us.

- Our **Special Olympics competitors** are practicing for the next level of corn hole competitions. **Sean from our Sussex group home** (left) practices in his living room as he moves ahead in the competition. Several of SCARC special olympians are challenging one another in the statewide corn hole games. For more information about SCARC's Special Olympics program, contact **Daele Phlegar** (dphlegar@scarc.org) or **Jillian VanHouten** (jvanhouten@scarc.org) at the SCARC office.
- **A kind reminder of our 2021 virtual Walkathon**. It is scheduled for Sunday May 16, and walkers can do your walk anywhere you wish. Our goal this year is to reach \$130,000, and we are approaching our goal as we speak. Walkers can form their own team, or join one of many teams within the SCARC family. Last year, we had walkers mowing their lawn while earning funds, and we had kayak rowers raising funds as well. However, most walkers walked in their own neighborhoods. All funds raised will support SCARC and SCARC Guardianship Services programs. Thank you for walking for SCARC!
