First Week of May News at ASCARC

- Our Annual 2021 Sporting Clay Shoot at Hudson Farms in Hopatcong was a great success last week as 70 shooters gathered for a fun day with very good weather to support the SCARC Foundation by raising more than \$15,000. Our thank to Chris Hemmer and his team for providing such an enjoyable event once again. In the photo left, **Deena Smith of First Hope Bank and SCARC board member** fires the starting cannon at Hudson Farms.

- Our **Day Hab Goes Digital virtual day program** has been honored with stellar recognition with the New Jersey Statewide Self-Advocacy Network award of **Group Achievement Award** given at its 2021 virtual luncheon on April 17th. **Supervisors Luann Salvatoriello, Brook Ulikowski, Angelique Kobylinski, Nora Chatterton, Sue Connors, and director Liza Fiebert** accept the award. Congratulations to you all!

- Speaking of our Day Hab Goes Digital, last week's **cooking class included a nutrition lesson** in which all learned about all the different types of healthy pasta's, such as, lentil pasta, whole wheat pasta etc. They learned about the history of pasta and the nutritional value. The participants made pasta with vegetables and homemade pesto sauce. In the photo right, **Spencer** shows his homemade pesto pasta with broccoli and chicken. Yum!

- **Rich and Clint** of our **Hampton group home** practice for the next round of the Special Olympics Corn Hole completion to be held in the next couple of weeks. SCARC athletes are practicing in their living rooms, hallways, and back yards. In the photo right, is **Sean practicing in the Newton group home** living room. **Go SCARC athletes!**

- **SCARC Foundation's 2021 Walkathon** is coming up on Sunday May 16 in our virtual format. We miss getting together at the Sussex County Fairgrounds, but everyone can still raise funds for the SCARC family of services. Join a team, or just walk by yourself. Our goal this year is \$130,000, and we know we will achieve our goal. More information, contact Chris Hemmer, chemmer@scarc.org.
