End of August - Start of September News at ASCARC

- We all had a great time at the **Skylands Ballpark in Augusta** on Thursday evening in support of the **Sussex County Miners** team and the **SCARC Foundation**. Proceeds of tickets sales by SCARC will support the Foundation and SCARC services. Over 190 tickets were sold by the Foundation to ballpark attendees who supported the event. Several of the attendees were residents of our group homes. A good time was had by all. The SCARC Foundation made almost \$1000 on the evening.

- There are many activities going on in SCARC group homes during the summer months. **Leif** (left) plays ping pong with **staff Aaron** outside on the porch at our Hillside group home, and **Sharon** (right) enjoys her birthday celebration with friends **Dawn and Lizzie** at our Stillwater group home. Good times like these are what makes our SCARC group homes fun and popular to our residents.

- **SCARC IS HIRING DIRECT SUPPORT PROFESSIONALS FOR GROUP HOMES AND DAY PROGRAMS!** If anyone knows a qualified candidate for employment, have the person go to the SCARC website at scarc.org and click on "**EMPLOYMENT**"; "**Current Openings**"; highlight "**Direct Support Professional – Day Hab**" and click on "**Display Position**" (bottom right); then "**Apply for this Job**" (bottom left) to launch application, to apply. Our starting wage rate is now \$18.14 per hour for residential and day program Direct Support Professionals. Thank you for your assistance.

- **Nina and Sean from our Sussex group home** enjoy the beautiful weather with lunch on their back patio. It's a peaceful time in the summer to be outside and enjoy conversing with each other.

- SCARC is most appreciative to **various local rescue squads and fire departments** for meeting the emergency needs of our group homes spread throughout the Sussex County municipalities. Although many emergency calls are handled by Atlantic Health emergency vehicles, several calls are handled by squads from Stillwater, Newton, Lafayette, Blue ridge, Branchville, Frankford, Beemerville, and Wantage. We have been supporting any of the squads who attend to our needs. In the photo, is the squad building of the **Blue Ridge Rescue Squad** in Branchville.

- The **SCARC Foundation online auction** is up and running. The auction is part of our **Pat Romano Sr. Memorial Golf Classic**, and the auction brings in much needed support. Go to the auction and bid for your favorite item at: scarcfoundation@biddingforgood.org. Thank you for your support!
