Mid-June News at ASCARC

- **Several of our individuals** joined baseball fans to attend a mid-day baseball game at **Skylands Stadium** last week to take advantage of a community trip and the good weather. It's always a treat to watch the **Sussex County Miners** play locally. Everyone had a great time to "root, root, root for the home team".

- Our **coffee aficionados** from our **Eickmann Center** once again visited a favorite coffee shop, **Ethan and the Bean, in Little Falls**. It's a popular place to make a day travel. The visit also gives everyone to meet other customers who also enjoy coffee and a good time together.

- **Deena Smith, vice president of First Hope Bank in Sparta** (center), presents a check from the Bank for \$500 to the SCARC Foundation in their support for the SCARC family of services. Deena also is a member of the SCARC Foundation board of trustees. In the photo with Deena is Chris Hemmer, chief development officer, and Richard Lecher, SCARC President and CEO.

- After a day of delivering food to needy Sussex County recipients, our **Harvest Home Foods volunteers** visited **Buttermilk Falls** in part of the Delaware Water Gap National Recreation Area in Walpack. It was a very pleasant day for hiking and enjoying the great outdoors. The Falls are the largest and longest falls in New Jersey at 90 feet long.

- Our **community explorers group** traveled to Franklin to visit the **Gardens and Glass Art Studio**, and made beautiful butterfly sun catchers. They cut and shaped the glass, foiled the edges, and then the butterflies were welded together for them to take home. Everyone seemed to really enjoy this activity!! **Holly and Christopher** were our very helpful instructors.

- The photo right is of **Corey and Lexie** of our **Frankford group** home who attended a formal dinner and dance at the Farmstead Golf Club with the **Friendship Group from Katie's House**. They had a lovely time seeing old friends again.
