## Early July News at

- Community outings are an important part of SCARC's day habilitation programs. **Four ladies from our Eickmann Center** traveled to **Evey's Nail Salon in Newton** for a manicure as part of Eickmann's Self-Care Days. **Celia, Dawn, Lizzy and Jennifer** are looking good with their new nails!

- Speaking of going out into the community, the **men from our Harvest Home Foods in Hamburg** traveled out to lunch at **Jumbo Land in Frankford** to enjoy conversation. In the photo, staff Steve is with **Sean, Gail, Michael, and Jennifer**. Our Harvest Home Foods program in Hamburg engages 19 volunteers on a daily basis to help distribute food to needy

families.

- **Lisa from our Branchville group home** poses with Swiss chard from their garden in the backyard of the group home. Many of our group homes have gardens that produce vegetables to be eaten and enjoyed by the home residents. Looks yummy, Lisa!

- The **ladies from our Val Court group home in Lafayette** thoroughly enjoyed watching the movie **Jurassic Park** at the AMC Theaters in Rockaway. The action movie kept everyone's attention and was exciting in every way. Susan, Mary Ellen, Cindy and Catherine love to go out into the community for fun and adventuring.

- Our **ladies from our Stillwater group home** traveled to Dairy Queen for cool ice cream on a hot day last week to have a time in the community to enjoy their treat. The staff accompanied the ladies so everyone had a great time!

- **Michele and Safari celebrate Michele's 60<sup>th</sup> birthday at their Wantage group home** recently. Birthdays are a very important tradition at SCARC residential programs, and having a birthday celebration with friends and housemates leads to an unsurpassed quality of life! Happy Birthday Michele! And many more!

- **Paige and Roger from our Summer Experience program for teens** visited the **Franklin Mineral Museum** in Franklin to learn about minerals and perform filtering activities to discover local minerals. A great time was had by both.
