## Early July News at

- The men from our Hampton group home wrote “Thank You” cards to each of the donors who contributed to the Hampton home for their Walkathon Team this year. The home raised \$900 on their own which was matched with a \$500 gift from another donor for a total of \$1,400 to be used at the home for whatever they want to use it for. Good work men!

- We welcome **Kristin Vincent** to our SCARC Foundation as our **Chief Development and Executive Officer**. We are excited to have Kristin on our team. She comes to us with much experience in the world of fund raising and donor cultivation. If you come to the office, you can welcome and greet her as part of the SCARC team. Welcome aboard Kristin!

- **Karen and Joe from our Sparta group home** show off their choices of hanging plants donated from **Ideal Farms in Augusta**. Our group homes are being beautifully decorated for the summer, and we are so thankful to Ideal Farms for their generosity!

- **Our 2022 Summer Experience Program for Teens and Young Adults** has begun and will provide 4 two-week sessions throughout the summer. We are excited to provide meaningful and fun activities with trained staff for our many teens who participate in the program. Here are some photos from the first week of fun. The locations are Morristown School of Glass, Morris County Arboretum, Castel Cove Mini Golf (Jefferson), Sterling Mine

(Ogdensburg).

- Our Sparta Center participants celebrated **Carnival and the culture of Trinidad**, thanks to a presentation and activity planned by staff Tricia. SCARC promotes various cultures from around the world, and introduces lessons with these cultural ventures around the world. All of our individuals enjoy learning about our world and the variety of cultures to be seen.
