Middle of September News at ASCARC

- Our Val Court group home ladies traveled on vacation to the wonderful **Kalahari Resort Vacation** this past week! The ladies really had an amazing time going to the indoor water park, game room, shopping, spa, and eating at the delicious restaurants! Kalahari Resort features Authentically-African decor right in the Pocono Mountains, Pennsylvania. Thank you for our donors who made this possible.

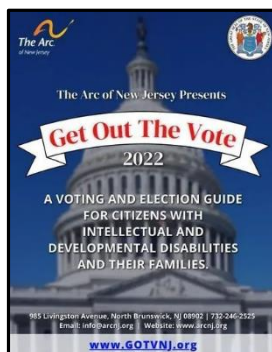

- Our Explorers group had a very fun and educational trip to the **Aviation Hall of Fame and Museum of NJ in Teterboro** and subsequently the group went to **Dave and Busters at the Willowbrook Mall** and enjoyed lunch and unlimited play at the arcade! Our Explorers group travels out into the community on most days to enjoy the resources in and out of Sussex County.

- **Scott and Angelina from our supervised apartment program** went apple picking at **Windy Brow Farms in Fredon** this past week and had a great time. Local farms provide many accessible self-serving opportunities to pick fruits and vegetables throughout the season. **Windy Brow** is well known for its apples and peaches. Glad you could walk around and pick your own apples!

- The **men and women of our Sussex and Wantage group homes** met at the Sussex home for a “drive-in movie” without cars. As they all sat on our newly expanded back deck, they were able to view the movie on the rear hill of the property. Very creative!

- The **Arc of New Jersey** has published its annual **Get Out The Vote** guide for persons and families with developmental disabilities. The guide is an excellent publication to inform all who will be voting in the 2022 elections. It covers both the federal and state elections. To obtain your copy and get further information, contact Sharon Levine (slevine@arcnj.org), or go the Arc of NJ website at arcnj.org. Remember, Election Day is November 8, 2022.
