End of September News at ASCARC

- **Sussex County 4-H member Abbigail Wolverton** stands with her goat at the **4-H Blue Ribbon Market Sale** at the **2022 Sussex County Farm & Horse Show**. During the Market Sale event last month, **Hudson Farm in Hopatcong** bid and won the goat, and then donated the processed goat to SCARC for meals at our group homes. We are appreciative of the generosity of Hudson Farms, and we are thankful to Abbigail for raising such a fine animal. Thank you all!

- **Fawn from our Eickmann Center** is engaged with her painting while participating in The Center's art group using the services of **Canvas Art Class with The Painted Grape in Franklin**. **Beckie and her staff from The Painted Grape** were amazing. They individualized each painting with a stencil chosen by the participants. They came to the center and assisted each participant with creating their canvas art.

- The **foursome team from Nisivoccia**, SCARC's accounting firm, played in our **Pat Romano Memorial Golf Tournament** this past Wednesday to support the SCARC Foundation and the SCARC family of services. We had the pleasure of hosting 495 paid golfers and 409 playing golfers at the three courses for the day: **Farmstead Golf and Country Club, Lake Mohawk Golf Club, and Newton Country Club**. Our proceeds from the day will exceed \$

- Family and friends joined the **residents of our Branchville group home** for an autumn barbeque at the home. The food was great and the families were able to meet one another and enjoy their family members. Thank you to all the staff who got the home and food ready for the enjoyment.

- The **ladies from our Stillwater group home** held a culture night to study western cowboys in the 1800s. **Joyce and Sharon** are watching the power point presentation about their lifestyle, food they ate, how they prepared food, what their role was in society, and what they did for fun. The ladies all wore cowboy hats, and enjoyed an old western meal of beans, burgers, and baked potatoes. A good time

was had by all.

- Our **Just Us Kids Saturday respite program** opened this past Saturday with several kids coming to enjoy activities. In the photo, staff **Uday** assists **Logan** with his golf game at **Castle Cove miniature golf in Lake Hopatcong**.
