More November News at ASCARC - Happy Thanksgiving Everyone!

- **Andrew from the Hillside group home** was at the **Equine Tranquility Wellness Center** in Andover to receive two gold medals from the **Special Olympics of NJ Horse Show** competition. Andrew has been riding and participating in the SONJ Horse Show for over 20 years. Congratulations Andrew for your achievement!

- **SCARC's bowling program** is attracting many of our bowlers to the **Sparta Lanes** for a leisurely Saturday of fun and competition. Bowlers accumulate games for eligibility for New Jersey Special Olympics bowling competitions later in the year. Go for it!

- Speaking of bowling, several of our **Just Us Kids Saturday Respite** program traveled to **Funplex** in East Hanover to enjoy a day of games, bowling and rides. Our JUK program is very active in the broader community so they can do age appropriate activities of interest to the kids. Our creative and energetic staff make each Saturday fun and educational!

- **Eickmann Center staff Nathan and Lynn** participated in the Center's annual **Octoberfest** celebration and dressed in authentic **Lederhosen** and **Dirndl**. The group made **Zwiebelkuchen** and **Chicken Schnitzel** in cooking class.

- **Scott from our supervised apartments** traveled locally to pick some pumpkins. Being one of our apartment dwellers, Scott travels to many community locations for his groceries, banking, coffee purchases, and other community needs. Scott is working in the community as well. Great photo!

- The **ladies from our Frankford group home** joined the **ladies from our Val Court group home** to celebrate **Mary Ellen's** (seated) birthday at the Val Court group home. Everyone from Frankford dressed up in costume as **Care Bears** and our Val Court ladies dressed as the **Sanderson sisters** from **Hocus Pocus**. A fun time of cake and birthday wishes was had by all.

- The **annual Pumpkin Float of the LACE (Learning at College Experience) program** at **Sussex County Community College** happened recently. The many students gathered at the lake on the college grounds to have their pumpkins floated and rowed around the lake by a member of **Hopatcong Defiance Engine Company #3**, who come every year to help out.
