

THIS WEEK AT

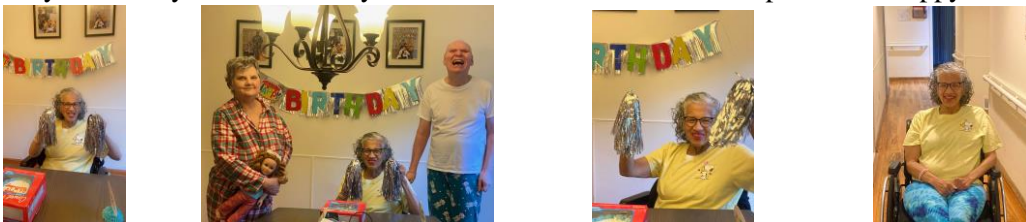

VOLUME 10, ISSUE 29

FRIDAY, SEPTEMBER 1, 2023

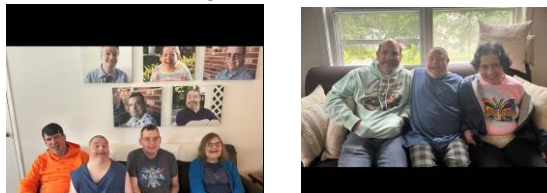

- Last evening, we were able to gather as an organization at Skylands Stadium for our annual SCARC Awards event. It was a wonderful evening marked by beautiful weather (and thankfully a breeze this year!), great company, great food and incredibly worthy award winners. There will be more to come in future newsletters about our individual winners, but I wanted to congratulate them and also thank our DSP staff, home managers, day hab supervisors, directors, administrative staff, and facilities department that came to celebrate our winners and for helping us make this an unbelievable evening. Here are a few candid shots (the professional ones will follow) from the evening.

- Judy had a very festive birthday celebration last week at her Lenape home. Happy Birthday Judy!!

- The residents of the Fredon and Newton homes had dinner together at the Newton home while the residents of Fredon waited for their appliances to come. It was so nice of Newton to invite them over while their kitchen was being remodeled.

- Rich, Dee, Dawn, and Sharon had a lovely dinner date last week. Rich and Dee brought flowers for Dawn and Sharon and they all had a great time together.
