

# THIS WEEK AT ASCARC

VOLUME 10, ISSUE 34

FRIDAY, OCTOBER 13, 2023

- I want to start off this week's newsletter **THANKING** all of our Day Hab and Residential Staff for going the extra mile this week dealing with the influx of covid cases. You have done an amazing job making sure everyone is safe, on the road to feeling better, and comfortable. I look forward to us putting this wave behind us!!
- So today is Friday the 13<sup>th</sup> and it is OCTOBER!! But we don't worry about such things like bad luck, so instead we go out and enjoy the season with some festive pumpkin gathering and a few spooky sights!!

- Our Eickmann Center went out and successfully escaped the Marvel Escape Room!! It takes skill and concentration but they did it!! They are all Superheroes for sure! To celebrate, everyone stopped to get some ice cream to refuel!

- This week there was a geological dig happening at our Sparta Center. It looks like SCARC should be in the next issue of National Geographic! I wonder if the fossils they found are from some unknown dinosaur?
