

# THIS WEEK AT ASCARC

VOLUME 10, ISSUE 36

FRIDAY, OCTOBER 27, 2023

- Scarecrows, scarecrows, EVERYWHERE! This week we had a grand ol' time making our own scarecrows and visiting the plethora of amazing displays in the town of Branchville. If you haven't already, take a stroll through the town of Branchville to see all the amazing creations. I believe they are being voted on this weekend. Our very own Branchville home went all out on their "WEDNESDAY ADDAMS Scarecrow" (see the first pictures below). Great job Branchville!! Our Harvest Home Foods (Hampton) also got in on the action and built their own scarecrow. Their scarecrow was a baby scarecrow that is carrying its own bottle and binky! Not to be out-done, the Eickmann Center created their own Dunkin'-loving scarecrow!

- Our Thor Labs Crew were hard at work this week. We are so lucky to have Thor Labs in our community and as a community employment partner. Thanks to our Crew, customers of Thor Labs get to enjoy "Lab Snacks" that arrive with their order. We love helping making Thor Labs customers happy!

- With all this nice warm Fall weather, our Explorers decided to enjoy some swimming and some Fall activities outside! This is definitely NOT a camera shy group!!

- Last but not least, we have some high quality cooking going on at our Stanhope home lately! Staff Jade is helping out by making sure some home cooked meals are made for all to enjoy!
