

# THIS WEEK AT

VOLUME 10, ISSUE 35

FRIDAY, OCTOBER 20, 2023

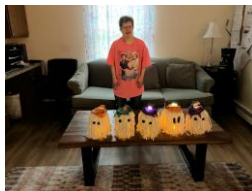

- Did you know that the town of Branchville has been overrun with SCARECROWS??? This event has become very exciting and the source for a lot of fun. This year, we will be helping out and building a scarecrow or 2. If you would like to go and enjoy the many, very creative properties hosting the visiting scarecrows, attached is a picture of the map of the town to follow! It may be a rainy weekend, but it is a great weekend for a drive through Branchville!!
- Our Harvest Home Foods program took a ride out to Branchville to get some previews of the scarecrows and sent me these pictures.

- Who has been luck enough to go see “*The Price Is Right*”???? Joe and Andy were so lucky to have the chance to go watch a live taping of the Price Is Right at the Prudential Center!

- Before long, I will have pages full of turkeys and holiday decorations, but for now, we continue to celebrate all the wonderful creations being made, and outings taken to celebrate Halloween. Susan created some amazing ghosts to decorate her home, while we have made visits to the Spirit of Halloween store and make our own masks!

- John enjoyed playing “Guess Who” with his staff this week! Rumor has it, he won by a mile!!

- This week we have 2 great announcements from the SCARC Foundation! We are launching our Annual Appeal this coming week (watch your mail for a great appeal letter!!) AND the Foundation has been named as a beneficiary of the Subaru Share the Love event for this year! Every time Subaru sells a car, a \$250 donation is made to the event and the money collected from the campaign will be donated to local charities. SCARC is one of Subaru World of Newton’s beneficiaries! Thanks so much to Subaru World for including us again this year!
